AMENDATORY ORDER

By the Commission:

On March 23, 2016, the Commission entered an Order adopting the customer authorization required for third parties, other than retail electric suppliers, to obtain access to individual customer interval meter data. In the findings of the Order entered by the Commission, it inadvertently stated that the authorization language applied to small businesses as well as residential customers but should only have included residential customers.

Wherefore, the Commission concludes that the Order entered on March 23, 2016 should be amended to state in the fourth finding on page 29 that:

- (4) the language adopted herein is standard language from which utilities should not deviate for residential customers, except to identify the purpose for accessing the data; and

IT IS THEREFORE ORDERED that the Order entered by the Commission on March 23, 2016, is amended as noted herein. In all other respects, the Order remains the same and in full force and effect.

IT IS FURTHER ORDERED that subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.

By Order of the Commission this 10th day of May, 2016.
